

Medicare Advantage Fraud Waste and Abuse Training What You Need to Know

1. If you are a Medicare Advantage provider you must take the Fraud Waste and Abuse training program.
2. You will only need to take one training course to fulfill the requirement. You **do not** need to take one course for every Medicare Advantage plan you participate with.
3. Most training programs take only a half an hour to complete.
4. Once you complete the training program, you will receive a certificate that can then be copied and sent to the various plans when they request it.
5. Taking this training will most likely only be required for 2009.

An example of a Medicare Advantage FWA training program is accessible [here](#).
