

As the respected voice of the chiropractic profession, ACA's insights and opinions are sought and acted upon in the halls of Congress, at federal regulatory agencies and in the White House. ACA's active and effective advocacy efforts focus on vital issues, including improved access to chiropractic services for patients, expanded scope of practice for chiropractors within Medicare, inclusion of chiropractic in national health care reform and chiropractic participation in the National Health Service Corps.

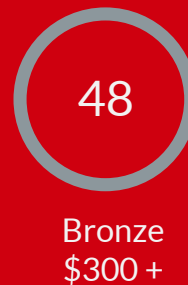

ACA-PAC

ACA-PAC is ACA's political action committee - the voice of ACA and Chiropractors in the political arena. The mission of the PAC is to support the election of pro-chiropractic candidates to the U.S. Senate and U.S. House of Representatives.

Each time a pro-chiropractic candidate wins election our voice is strengthened on capitol hill. Having policymakers who understand the benefits chiropractors bring to the healthcare system helps advance our issues in Congress. They can educate other legislators on the benefits we provide to our patients and the overall health system.

Chairman's Club

The goal for ACA-PAC in 2021 is to **increase participation in the Chairman's Club by at least 15%**. This will help re-build the PAC to pre-pandemic levels. Giving at the Chairman's Club shows a true commitment to the PAC and our efforts.

WHO CAN PARTICIPATE?

All ACA and SACA members, and their immediate family members, may contribute to the ACA-PAC. All contributions to the PAC must be from personal accounts. Any donations received from a business account will be added to the PAC Administrative fund to pay for the administrative costs of running the PAC.
